## From the President

By Michael Crawley

If you missed attending the reunion, you missed a grand time to join the family at its finest.

Houston started out great with a super location and superb accommodations. It was topped off by a serenade to our family by a local group (friends of Onzie and Tara Jones).

The meet and greet evening was topped off with delicious appetizers (Tex-Mex cuisine).

From the high tea to the banquet on Friday, the tone was set for all to enjoy themselves. Many people spent time at one of the largest shopping centers in the USA, and we were surrounded by more restaurants than you can imagine.

The picnic at George Bush Park was highlighted by a married couples' 3-legged race (won by Gary & Pam McLaughlin) and a volleyball game that was more competitive than the Super Bowl. The beef brisket melted in your mouth, and when you add in some horseback riding, we all had a great time.

There was dancing to the DJ after the banquet - and these Crawleys/Crowleys can sure move; old and young. A wonderful spiritual message was delivered on Sunday, and the morning was capped off with the election of new officers.

Thank you to outgoing President Felecia Carlton, and all of the officers for their family service. Thanks to Jamie Crawley for her assistance with organizing parts of the Houston reunion.

A special family thanks and gratitude to Onzie & Tara Jones, who carried the torch and insured a wonderful time for our family. They did this with several extenuating circumstances that were more than a handful. We as a family thank you and your efforts won't be forgotten at our next reunion.

## Louisiana Here We Come – Reunion 2012!

Family members selected Louisiana as the next location for our Family Reunion. Louisiana is special because this is where many of our current longest living family

members were born. Several live there, and many are making a special effort to make that trip home to see their roots. This will be the third reunion held in Louisiana.
